PROFESSIONAL SUMMARY

Aspiring Full-Stack Developer and IT Technician currently enrolled in the mLab CodeTribe apprenticeship, gaining practical experience in software development and building web applications. I hold a National Certificate in Systems Development and have hands-on experience with HTML, CSS, C#, SQL, Arduino/C++, computer systems and IT troubleshooting. I enjoy solving problems through technology and continuously developing my frontend and backend development skills. I am seeking a junior software development, full-stack development or IT opportunity where I can contribute, learn and grow.

TECHNICAL SKILLS

Frontend	HTML5 • CSS3 • JavaScript • React • TypeScript
Backend	C# • Backend development fundamentals
Databases	SQL • Database fundamentals
Tools	Git • GitHub • VS Code • Vite
IT & Systems	Hardware/software support • Networking • Troubleshooting • System configuration
Other	Arduino • C++ • IoT • Power BI / Data Visualisation

PROFESSIONAL EXPERIENCE

CodeTribe Full-Stack Developer Apprentice

mLab Southern Africa | 2026 – Present

- Developing practical software applications through the CodeTribe development programme.
- Building responsive, user-friendly web applications and reusable UI components.
- Applying frontend development concepts including React, TypeScript, JavaScript, HTML and CSS.
- Working with application data, databases and software-development fundamentals.
- Using Git and GitHub for source-code management and project collaboration.
- Practising debugging, problem solving and iterative software development.

IT Technician Volunteer

Richmond Oasis Center | Richmond | Apr 2019 – Jan 2022

- Installed, configured and maintained computer hardware, software and network systems.
- Diagnosed and resolved hardware and software problems.
- Repaired and replaced faulty computer and network components.
- Installed and maintained antivirus and security software.
- Tested hardware and software before deployment.

Admin Clerk

Highover Wildlife Sanctuary | Richmond | Jun 2022 – Nov 2023

- Managed reception duties, telephone calls and internal communications.
- Maintained employee registers and administrative records.
- Assisted customers and responded to enquiries professionally.
- Managed stationery requisitions and general office administration.
